

PHARM.D. PROGRAM

PROGRAM OVERVIEW

At our Wegmans School of Pharmacy, we make student-centered teaching a priority, promoting excellence in the classroom. Our graduates consistently outperform their peers in licensing examinations and residency placements. With a multitude of partnerships with major health systems throughout the U.S., we facilitate unique placement opportunities for students.

Offered online or on campus, our Pharm.D. program equips you with clinical and drug administration skills while emphasizing professionalism, integrity, and diversity. You'll be ready to practice in virtually any professional setting.

PROGRAM HIGHLIGHTS

Whether you're joining us on campus or online, you will gain the necessary skills to work in any professional pharmacy setting through:

- Courses encompassing both didactic and experiential learning
- Experiential learning that accounts for more than 30% of the curriculum
- Patient-centered work through on-campus immersions and 2,000 hours of clinical rotations at pharmacy locations in their communities
- Service opportunities both locally and globally with underserved communities

LIFE AFTER FISHER

The program will provide you with the skills and knowledge to prepare for careers related to public health emergencies, government agencies (Department of Health, Veterans Affairs), pharmaceutical industry, community health and vaccination programs, and higher education/academia.
