RN TO BSN ONLINE

St. John Fisher University's RN to BSN Online program gives you the opportunity to complete your bachelor's degree with flexible scheduling in an accelerated format.

Taught by passionate faculty, all of whom are practicing nurses, the curriculum builds on the study of nursing in associate degree and nursing diploma programs. The coursework focuses on advancement and refinement of knowledge and skills in areas such as leadership, ethics, physical assessment, theoretical foundations of practice, informatics, evidence-based practice, patient-centered care, professional portfolio development, and caring for populations.

Our fully accredited RN to BSN Online program offers a rigorous professional education delivered in an online learning format that is efficient and accessible to nurses with many demands on their time.

As a BSN prepared nurse, you play an important role in improving health care. In the ever-changing nursing landscape, a BSN degree will provide you with the key competencies necessary to become a leader in health care and, more importantly, a public advocate for individuals and the profession."

- Tricia K. Gatlin,
Dean of the Wegmans
School of Nursing

PROGRAM HIGHLIGHTS

- Transfer up to 90 credits from community and four-year colleges
- Flexible, convenient online program
- Completion in as few as 12-18 months
- Personalized academic advisement throughout the program
- Cutting edge content preparing health care professionals of the future
- On demand, 24/7 access to online tutoring services
- M.S. Fast Track option available
- No prerequisite courses
- May begin program prior to taking NCLEX exam

ADMISSIONS INFORMATION

The RN to BSN Online program operates on a rolling admissions basis. Applications are reviewed as they are received and admissions decisions are made within four weeks of receipt of a completed application.

Applications for the RN to BSN Online program are accepted for fall, spring, and summer semesters.

For more information about the admissions process, including specific application requirements, call (585) 385-8064 or visit <http://go.sjf.edu/transfer>.

PROGRAM OUTCOMES

The Bachelor of Science in Nursing prepares you to:

- Advocate for clients and support their right to safe, compassionate, and holistic nursing care.
- Integrate critical thinking and decision making throughout the nursing process to improve the care of clients.
- Practice as a responsible member of the nursing profession, reflecting current standards of practice, including ethical and legal accountability.
- Apply basic organizational and systems leadership for quality care and patient safety in the provision and management of health care.
- Practice patient-centered care respectfully and nonjudgmentally with diverse populations of individuals, families, and communities.
- Engage in ongoing, self-directed learning, self-evaluation, and goal setting throughout your nursing career.
- Engage in the scholarship of evidence-based practice and research to support high-quality health outcomes and safe nursing care.
- Promote clinical prevention and population health based on an understanding of global health care issues.
- Use information management systems and apply patient care technologies for clinical decision making.

M.S. FAST TRACK OPTION

While earning your bachelor's degree, you may take up to two graduate nursing courses. This accelerated approach allows qualified students to complete a master's degree in less time.

WHERE DO OUR GRADUATES GO?

As a graduate of the Wegmans School of Nursing, you will gain more than a professional nursing title; you will be known as a Fisher nurse – an elite group. Our graduates can be found in a variety of health care settings on a local, regional, and national level.

When I started at Fisher, I was at a point in my life where I couldn't take the necessary time from work or my family to attend on-campus classes, and I didn't live close enough to the city to commute. If it weren't for the RN to BSN Online program at St. John Fisher University, I never would have been able to obtain my BSN degree.

I have recommended this program to many of my colleagues and will continue to do so. I am proud to say I am a Fisher graduate!"

- Jessica Porter
RN to BSN Online Graduate

ABOUT THE WEGMANS SCHOOL OF NURSING

The Wegmans School of Nursing builds on Fisher's values-based education to produce nursing graduates trained to provide exceptional patient care. Program offerings include the traditional nursing and RN to BSN online programs at the undergraduate level, master's programs in nursing and mental health counseling, and a Doctor of Nursing Practice (DNP) degree program. The School's graduate programs have been ranked among the top 100 nursing graduate programs in the country by *U.S. News & World Report*.

ACCREDITATION

The baccalaureate, master's, and DNP programs at St. John Fisher University are accredited by the Commission on Collegiate Nursing Education. The Wegmans School of Nursing is also accredited by the New York State Education Department.
