SJF Web Time Entry User Guide 12-Month Faculty Employees Fish'R'Net Employee Self Service

Web Time Entry is a web-based time entry software system. As an exempt employee, you do not record hours worked, only eligible leave time.

It is critical that you submit your electronic timesheet by the submission deadline. Once the deadline for the pay period has passed, the timesheet is no longer available. Employee timesheets must be submitted for approval by 10:00am the Monday of a pay week. If your department requires you to complete and submit your timesheet earlier, you need to follow that schedule.

To sign in, click the **Employee Self Service** icon in the Launch Pad Apps Dashboard folder **Banner 9 Self-Service**.
