

# Pharmacy Petition for Graduate Courses

Office of the Registrar  
(585) 385-8015

Pharmacy students may petition to enroll in a maximum of five graduate MBA Core courses (listed below) while enrolled in the Pharmacy program. The student must have completed at least 90 credit hours at St. John Fisher University or elsewhere. Registration will be allowed on a space-available basis.

If an MBA course is taken as a Pharmacy elective, it will appear on the Pharmacy transcript. Tuition charges for the first two MBA courses will be billed at the pharmacy rate, consistent with elective credits for a pharmacy course.

If an MBA course is taken for graduate credit, it will appear on the graduate transcript and billed at the prevailing MBA rate. Unless the student is enrolled in the Pharm/MBA program, these credits will not count toward the joint degree and therefore federal loans cannot be used to cover tuition charges. It is recommended that you consult with Student Financial Services regarding financing options.

Please indicate which MBA courses you wish to enroll in and how you request to have the credit applied:

3 Credit Hour MBA Course	Pharmacy Elective	Graduate Credit
GMGT 643 Quantitative Methods and Introductory Analytics		
GMGT 680 Marketing Concepts and Strategy		
GMGT 681 Capstone: Business Strategy and Policy		
GMGT 682 Financial Management		
GMGT 685 Leadership Development
